# van den Berg - Your strong realisation partner for instant payments

## Almost 40 years of experience, 100 % innovative ability

As an established player in payment transactions, we combine the best of two worlds: The DNA and customer proximity of a traditional medium-sized company with the progressiveness of a modern software company.

We have already contributed our top expertise and in-depth understanding of processes to a wide range of projects at over 100 institutions and banks. Always with an eye on the most efficient handling of payment transactions and optimised processes.

Right at the start of TIPS in 2018, we connected the first two German banks to this service as a frontrunner. This second ever European payment message via TIPS was processed by these banks.

## Powerful arguments for a joint IP project
